

## Jinan MISSILE CNC Equipment Co., Ltd

Add: C507 In Hi Tech Square, High-tech Zone, Jinan, Shandong Province, China

### Missile Company Shows

Missile is one professional CNC machinery manufacturer in Jinan, China. Our portfolio range from 3 axis CNC router, 4 axis CNC machine center; ATC CNC router center and Panel furniture production solutions, dedicated to woodworking, advertising and other applications.

“Customer First, Quality First, After Sales Services First”. All around the world, all around the clock , we are always here for you !

## Price List

<b>Terms &amp; Conditions</b>		
1	Terms of Payment	50% T/T in advance , 50% T/T before delivery Or 100% T/T in advance
2	Delivery Time	Within 45 days after receive yr deposit
3	Quality Guarantee	<b>One Years Guarantee:</b> Malfunctions which are caused by machine itself and quality will be responsible for our manufacturer. Other malfunctions which are caused by human operation problems, etc will be responsible for client-self.
4	Validity time	The period of validity for this quotation is for 5 weeks.
<b>Service Supporting</b>		
1	Before delivering the machine, we will test and adjust it, so you can use it directly when you get it .	
2	Operating video & Instructions will be sent to client to help them to use the machine	
3	All kinds of frequently used parts are supplied from us all the year around.	
<b>CNC Router for M2S</b>		
<p><b>Advantage:</b></p> <p>*High strength welded bed with <a href="#">tempering aging treatment</a> , <a href="#">five - axis CNC machining center processing</a> ,It lies in the procession method of <a href="#">the cast iron , cast aluminum parts and the machine frame</a> . All the drilling and milling are finished by the <a href="#">two sets machinery center</a> which you have saw in our workshop, guarantees rigidity and precision of the machine .</p> <p>*These <a href="#">mechanical hardware (cast iron &amp; cast aluminum parts )</a> are processed by the raw materials directly . And the marketing doesn't mark the famous brand for these important mechanical hardware . But they are vital to the high quality of the entire machine .</p> <p>*For every procession of every accessories , we will always <a href="#">detect their precision by the professional instruments</a> , such as the dial indicator for measuring parallelism parallelism ; square box for measuring vertical degree; deflection instrument for measuring the coaxial degree; feeler for measuring flatness and roundness for measuring equipment.</p> <p>*<a href="#">German Herion high precision gear rack</a> , That makes working effects stand out in the industries .</p> <p>*<a href="#">France reducer and servo motor</a> system to make sure speed and stability .</p> <p>*The machine equipped the <a href="#">dust cloth</a> , ensure the machine high precision</p>		

## Machine parameters

Working Area	1300*2500*200mm
Working Voltage	AC380V
Work table	Vacuum table
Vacuum pump	<b>7.5KW</b> water vacuum pump
Spindle	<b>Ronghua 6KW</b> water cooling spindle
The Spindle Speed	24000 RPM/min
The Inverter	<b>Fuling</b> Inverter
Drive	<b>Leadshine 850W</b> servo motor
Reducer	<b>France Moto</b> reducer
Guide rail	<b>Taiwan TWIN 25mm</b> square guide rail
Transmission	<b>High precision German Herion</b> gear rack for X,Y axis <b>Taiwan Ball Screw</b> for Z axis
Control System	<b>NC Studio</b> Control system
Electric Parts	<b>Schneider</b>
<b>Tool sensor</b>	<b>YES</b>
Oil system	<b>Automatic oil system</b>
X,Y,Z Traveling Positioning Accuracy	±0.02mm
X,Y,Z repositioning Accuracy	±0.02mm
Max. Traveling speed	50000mm/min
Max. Working Speed	20000mm/min
Spindle rotating Speed	24000RPM
Command Language	G code , u00 , mmg , PLT , HPG
Software	Artcam, Type3

## Machine Details Show

			
Ronghua 6KW Spindle	German Herion gear rack	Leadshine servo	Fuling Inverter
			
Taiwan TWIN guide rail	Vacuum Table	Automatic oil system	Machine Cable
			
Control box	Tool sensor	Tow chain	France Reducer
			
Processed Frame	Z axis parts	Atomization cooling device	Vacuum pump
